

Pack your paint securely and **safe in seconds** for delivery via parcel service. The Trays are giving **maximum protection** in conjunction with the matching boxes for transport. Trays can also be used as a drip tray whilst painting.

Paint Transport Trays

Quick packing and safe transport of paint

Paint Transport Trays

Ideal for online sales

- Suitable for different sizes of paint cans: 0,5L, 0,75L and 1L*.
- 2,5L (gallons) and 5L soon to arrive.

Faster packing and unpacking

- Trays can be easily fixed to a paint can.
- The carton box is a precise fit, no additional packing material required.

More protection

- The lid will be held firmly by the construction of the tray.
- Because the outer box fits exactly, the strength of the box is utilised in combination with the tray.

Added value for the customer

- When receiving the paint can, leave bottom tray on after opening the can and use as a drip tray.

* UK style cans 1 L might differ.
